School Accountability Report Card

Reported for School Year 2007-08

Published During 2008-09

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

Beechwood Elementary School is located in the northern section of Fullerton, one of 20 school sites in the Fullerton School District.

The vision at Beechwood is that "All Students Will Excel; Failure is Not an Option." Our high expectation for student achievement is our first priority. As a result from our focused system of assessment and accountability, we use results from the CST, CELDT, district benchmarks, and teacher assessments to allow our staff to monitor the academic growth for all students. With the additional use of Data Director, student assessment results are frequently reviewed and instruction is modified. These interventions may include small group instruction, after-school programs, fluid math placements, and in-class support from specialists. Student progress is consistently reported to students and parents through progress reports, report cards, parent conferences, and benchmark assessment results.

Opportunities for Parental Involvement (School Year 2007-08)

Numerous opportunities exist for parental involvement both in the classroom, at home, and planning and implementing school/community events. Please contact the school office for further information.

Student Enrollment by Grade Level (School Year 2007-08)

This table displays the number of students enrolled in each grade level at the school.

III. School Climate

School Safety Plan (School Year 2007-08)

A comprehensive school safety plan was developed and approved prior to March 1, 2000 in compliance with Education Code Sections 33126, 35256 and 32286 as well as applicable District policies and regulations. Each year, prior to March first, the school's safety plan is reviewed, updated and discussed with staff. Annually, during the month of July, the school reports on the status of its safety plan, including a description of the plan's key elements. The safety plan was updated and reviewed with staff on September 5, 2007.

The key elements of the plan include: a) providing a safe teaching and learning environment for all students and staff members, b) ensuring that all students are safe and secure while at school and school sponsored activities and are encouraged to use safe practices when traveling to and from school and/or school related activities, c) making district programs and community resources available to students and parents, and d) creating a school where students, parents, staff and community members interact in an atmosphere of mutual respect that enhances the environment for learning. A copy of the plan is available at the school office and will provide a more detailed description of each element of the plan including specific actions, resources and timelines to be implemented by the school.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

Expulsions	0.0	0.2	0.0	0.1	0.0	0.1

IV. School Facilities

School Facility Conditions and Planned Improvement (School Year 2008-09)

Beechwood Elementary School has 29 classrooms, a library media center, a childcare center and a Multipurpose room. The main campus was built in 1966. The media center was added in 1972. Three portable classrooms were added in 2000, two were added in 2001, seven were added in 2002, and six more were added in 2005 and 3 more were added in 2006. The multipurpose building was added in 2006. Two more portable classrooms were added in 2007.

The District takes great efforts to ensure that all schools are clean, safe, and functional. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The District has established cleaning standards for all schools in the District. A summary of these standards is available at the District Maintenance office. The Maintenance and Operations staff works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems. The District spent \$1,329,890 on deferred maintenance during the 2007-08 school year, and has budgeted \$2,436,836 for the deferred maintenance program for the 2008-09 school year.

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the November 5, 2008 school site inspection to determine the school facility's good repair status.

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Teachers	School			District

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$4,162	\$159	\$4,004	\$59,442
District	N/A	N/A	\$4,242	\$69,049
Percent Difference – School Site and District	N/A	N/A	94.4	75.3

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$43,513	\$40,667
Mid-Range Teacher Salary	\$74,026	\$66,167
Highest Teacher Salary	\$93,708	\$84,142
Average Principal Salary (Elementary)	\$105,628	\$104,640
Average Principal Salary (Middle)	\$108,168	\$107,227
Average Principal Salary (High)	N/A	N/A
Superintendent Salary	\$215,080	\$167,564
Percent of Budget for Teacher Salaries	42.4	42.3
Percent of Budget for Administrative Salaries	5.7	5.4

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels.

Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>.

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pfi/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

Grade Level	Percent of Students Meeting Healthy Fitness Zones
5	66.2
7	55.3

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	9	10	10
Similar Schools	9	10	9

API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. *Note: "N/A" means that the student group is not numerically significant.*

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	35	-9	25	916
African American				
American Indian or Alaska Native				
Asian	30	-5	1	961

Students with Disabilities				

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	N/A	N/A

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status		In PI
First Year of Program Improvement		2008-2009
Year in Program Improvement		Year 1
Number of Schools Currently in Program Improvement	N/A	3
Percent of Schools Currently in Program Improvement	N/A	15.0

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at <http://www.calstate.edu/admission/>.

XII. Instructional Planning and Scheduling

Professional Development

In each of the last three school years, Fullerton School District dedicated three school days to staff development. This table indicates the focus of the different professional development events in the most recent three-year period.

Year	Primary Focus	Delivery of Professional Development	Other Related Professional Development Activities
2008-2009	<ul style="list-style-type: none"> • K-8 Mathematics Textbook Adoption • K-5 Physical Education Program • K-8 English Language Development • K-8 Writing Strategies 	<ul style="list-style-type: none"> • Staff Development Day • Workshops • Conferences • After- school Workshops • In-class Coaching 	<ul style="list-style-type: none"> • Data-Driven instruction • Mathematics Training • Differentiated Instruction • Technology • Physical Education/Wellness • SDAIE Strategies • Systematic ELD • Response to Intervention

Beechwood staff participates in district-wide staff development days in order to analyze data and develop the instructional goals for the year. Staff members work in Professional Learning Communities twice a month on early release days. Staff development opportunities that staff members participated in include Step Up to Writing, GATE, Differentiated Instruction, EXCEL Mathematics training, and our middle school staff have participated in staff development opportunities focusing specifically on the International Baccalaureate Middle Years Program.
