A Message from the Principal

Orangethorpe Elementary School is a warm, inviting and child-focused school where creative learning opportunities abound. The curriculum is designed to provide all students with challenging, high-interest activities each day. Our impressive Blue Ribbon staff and supportive community work together in helping our children succeed. Parents volunteer and support the school through PTA, School Site Council, and special events. The School Accountability Report Card is a summary report of a variety of areas in our educational program. If you would like additional information on any of these areas, please feel free to call me at Orangethorpe Elementary School.

Safety, Cleanliness and Adequacy of School Facilities

Safety of students and staff is a primary concern of the Fullerton School District. In compliance with SB187, each school maintains a Safe Schools Plan, which satisfies the mandates of the law and reflects the individual needs of the site. The major focus areas of the plan are: 1) providing a safe learning environment; 2) safe practices at school sponsored activities and in route to and from school; 3) connecting families with community resources; 4) building an environment of mutual respect. The Comprehensive School Safety Plan was last updated and approved by the School Site Council on January 27, 2003, and was reviewed by staff on February 3, 2003.

At Orangethorpe School, parents and the community are encouraged to visit and to help the classroom teachers. Orangethorpe has procedures in place to address issues of campus cleanliness daily. A review of facilities is completed annually with results reported to the district. A safety check of equipment is performed regularly.

Climate for Learning

Orangethorpe Elementary School provides an educational environment which encourages maximum learning and positive student behavior. Students are encouraged and rewarded for academic growth, school service, sportsmanship, and citizenship at Academic Olympics and Student-of-the-Month assemblies. Students can participate in Peer Tutors, PAL and adult PAL programs, Library Assistants, Overnight Camp (sixth grade), Sidewalk Art Faire, Noon League, Leading Ladies Career Program, Talent Show, and Academic Olympics.

School Description

Orangethorpe Elementary School is located in the southwestern section of Fullerton, one of 19 school sites in the Fullerton School District. The 2002-03 school year enrollment at Orangethorpe, as officially reported to CBEDS (California Basic Educational Data Systems) was 981. The ethnic breakdown of the student body is 28.3% White, 56.4% Hispanic, 6.6% Asian, 1.0% American Indian or Alaskan Native, 1.3% Filipino, .6% Pacific Islander, and 5.7% African-American.

Our school-wide discipline plan ensures an orderly school environment. School and classroom expectations are clearly communicated to parents and students, with consequences consistently enforced. The following chart outlines the number of suspensions and expulsions for the last three years at Orangethorpe Elementary School. The rate of suspensions and expulsions is the total number of incidents divided by the total enrollment for the given year.

In addition to ethnic diversity, the student body at Orangethorpe Elementary School has 250 students whose English proficiency is limited. These students speak six different languages with Spanish representing the largest language group.

Action	School			District		
	2001	2002	2003	2001	2002	2003
Suspensions	27	43	19	992	1,102	833

Opportunities for Parent Involvement

Parents who wish to participate in PTA, leadership teams, school committees, school activities, or become a volunteer may contact the school office.

Standardized Testing and Reporting (STAR)

Through the California Standardized Testing and Reporting (STAR) Program, students in grades 2-11 are tested annually in various subject areas. Currently, the STAR program includes California Standards Tests (CST) in English-language arts and mathematics in grades 2-11, science and history/social science in grades 9-11, and a norm-referenced test, which tests reading, language, and mathematics in grades 2-11, spelling in grades 2-8, and science in grades 9-11.

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. Student scores are reported as performance levels. The five performance levels are Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient or Advanced level meet state standards in that content area. Detailed information regarding results for each grade and proficiency level and the percent of students not tested can be found at the California Department of Education Web site at <http://star.cde.ca.gov> or by speaking with the school principal. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

Norm-Referenced Test (NRT)

Reading and mathematics results from the Norm-Referenced Test (NRT), adopted by the State Board of Education (this was the Stanford 9 test up until 2003, but was changed to the California Achievement Test, Sixth Edition for 2003), are reported for each grade level as the percent of tested students scoring at or above the 50th percentile (the national average). School results are compared to results at the district and state levels. Detailed information regarding results for each grade level can be found at the California Department of Education Web site at <http://star.cde.ca.gov/> or by speaking with the school principal. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

Academic Performance Index (API)

The Academic Performance Index (API) is a score on a scale of 200 to 1000 that annually measures the academic performance and progress of individual schools in California. On an interim basis, the state has set 800 as the API score that schools should strive to meet.

Growth Targets: The annual growth target for a school is 5 percent of the distance between its Base API and 800. The growth target for a school at or above 800 is to remain at or above 800. Actual growth is the number of API points a school gained between its base and growth years. Schools that reach their annual targets are eligible for awards. Schools that do not meet their targets and have a statewide API rank of one to five are eligible to participate in the Immediate Intervention/Underperforming Schools Program (II/USP), which provides resources to schools to improve their academic achievement. There was no money allocated to the II/USP Program in 2002 or 2003.

Subgroup APIs and Targets: In addition to a schoolwide API, schools also receive API scores for each numerically significant subgroup in the school (i.e., racial/ethnic subgroups and socioeconomically disadvantaged students). Growth targets, equal to 80 percent of the school's target, are also set for each of the subgroups. Each subgroup must also meet its target for the school to be eligible for awards.

Percent Tested: In order to be eligible for awards, elementary and middle schools must test at least 95 percent of their students in grades 2-8 and high schools must test at least 90 percent of their students in grades 9-11 on STAR.

Statewide Rank: Schools receiving a Base API score are ranked in ten categories of equal size (deciles) from one (lowest) to ten (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from one (lowest) to ten (highest) to indicate how well the school performed compared to schools most like it.

API criteria are subject to change as new legislation is enacted into law. Detailed information about the API and the Public Schools Accountability Act (PSAA) can be found at the California Department of Education Web site at <http://www.cde.ca.gov/ta/ac/ap/> or by speaking with the school principal.

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessments by 2014. In order to achieve this goal and meet annual performance objectives, districts and schools must improve each year according to set requirements. Data reported show whether all groups of students in the school made Adequate Yearly Progress (AYP). Detailed information about AYP can be found at the California Department of Education Web site at <http://www.cde.ca.gov/ta/ac/ay/> or by speaking with the school principal.

Quality and Currency of Textbooks and Other Instructional Materials

Orangethorpe Elementary School and the Fullerton School District set a high priority upon ensuring that there are sufficient textbooks and materials to support each school's standards-based instructional program.

- Teachers, parents, and administrators are involved in textbook adoptions.
- The district Educational Media Center and the District Library are available to all staff
- Subject area textbook adoptions occur on a seven-year cycle determined by the California Department of Education

Orangethorpe Elementary School's Media Center provides teacher and student access to:

- Supplemental curriculum materials
- Library books and research materials
- 44 computers, software and Reading Counts
- Internet Resources

Class Size Reduction Participation

California's K-3 Class Size Reduction program began in 1996 for children in kindergarten and grades one through three. Funding is provided to participating school districts to decrease the size of K-3 classes to 20 or fewer students per certificated teacher. Data reported are the percent of students in each grade level in the school that are in a class size reduction classroom.

Grade Level	Percent of Students Participating		
	2001	2002	2003
K	50	50	50
1	100	100	100

English	29.00	1		1	34.33	1		2	32.50		1	1

Substitute Teachers

The school district maintains a list of qualified substitute teachers. Three hundred and sixty-five substitutes were on the 2002-03 district substitute list. During the 2002-03 school year Orangethorpe School was unable to obtain one substitute teacher on one day.

School Instruction and Leadership

Patrick J. Backus, Ed D., the school principal, has been the principal of Orangethorpe since 1973. Dr. Backus holds a California Administrative Credential, an Ed.D. in Educational Leadership, an M.A. in counseling, and a B.A. in social science. Prior to being principal of Orangethorpe he held several positions, including counselor at Wilshire Junior High and instructor at Pepperdine University and Chapman University.

The Orangethorpe Leadership team is composed of the principal, assistant principal, seven teachers (grades kindergarten thru 6th), and a representative of Special Services. The Leadership Team acts as a liaison between administration and grade level teachers and meets once a month. The Leadership Team participates in school-wide decision making, including curriculum, shared with administration.

Highly Qualified Teachers

The No Child Left Behind Act (NCLB) requires local educational agencies (LEAs) to report specific data regarding highly qualified teachers. As of December of 2003, the State Board of Education (SBE) had not approved a definition for use in reporting data pertaining to highly qualified teachers. Therefore, the requirement that LEAs include these data will not apply to reports published during the 2003-04 school year.

Professional Development

The State Department of Education requires all teachers to have a completed Bachelors degree plus 20 additional units of credit to be certificated to teach in California public schools. Teaching assignments are made by the school principal. All of Orangethorpe Elementary School's teachers are appropriately credentialed.

Teachers at Orangethorpe Elementary School attended workshops and trainings in:

- Technology (CUE, PowerPoint, iMovie)
- Effective Teaching
- Summer Choral Music Workshop
- Math
- At-Risk Students

Teacher Credentials

Data reported are the number of teachers (full-time and part-time). Each teacher is counted as '1'. If a teacher works at two schools, he/she is only counted at one school. Data are not available for teachers with a full credential and teaching outside his/her subject area.

	2001	2002	2003
Total Teachers	48	47	45
Teachers with Full Credential (full credential and teaching in subject area)	43	43	39
Teachers Teaching Outside Subject Area (full credential but teaching outside subject area)			
Teachers with Emergency Credential (includes District Internship, University Internship, Pre-Interns, and Emergency Permits)	5	3	5
Teachers with Waivers (does not have credential and does not qualify for an Emergency Permit)			1

Teacher Evaluations

Administrators evaluate teachers based on State Education Code requirements, provisions of the certificated contract agreement, and district policy. This year district and site level curriculum work focused on:

- Standards/Assessment/Accountability via the School Plan
- Adoption of Grade 6 standards-based Language Arts textbook material
- Adoption and implementation of standards-based Science curricula and materials
- Continuing the implementation of grades K-6 standards-based report cards
- Collection of multiple student assessment data by class/grade
- Evaluating and adopting standards-based Math textbook materials K-8
- Continuing the implementation of the California Reading Initiative (Teacher Training Component) for teachers new to Fullerton School District

Instructional Minutes

The California Education Code establishes the required number of instructional minutes per year for each grade. Data reported compares the number of instructional minutes offered at the school level to the state requirement for each grade. Although Fullerton elementary schools have restructured Wednesdays for staff development, students attend the full 180 days of designated instruction. Actual instructional minutes exceed state requirements.

Grade Level	Instructional Minutes	
	Offered	State Requirement
K (a.m.)	43,150	36,000
K (p.m.)	43,150	36,000
1	54,750	50,400

4	54,750	54,000
5	54,750	54,000
6	54,750	54,000

Counselors and Other Support Staff

Data reported are in units of full-time equivalents (FTE). One FTE is defined as a staff person who is working 100 percent (i.e., full time). Two staff persons who each work 50 percent of full time also equals one FTE.

Title	FTE
Speech/Language/Hearing Specialist	2

Preparation for the Workplace

The focus of Orangethorpe Elementary School is to raise student achievement in English Language Development, Reading, Writing and Mathematics. Students are prepared for entering the workforce by meeting grade level academic standards, attending school regularly and being on time. They are supported in their efforts to work with others in their academic, athletic and social endeavors.

Expenditures (Fiscal Year 2001-2002)

Data reported are total dollars expended in the district, and the dollars expended per student at the district compared to the state average. Detailed information regarding expenditures may be found at the California Department of Education Web site at <http://www.cde.ca.gov/ds/fd/>.
