

School Accountability Report Card Reported for School Year 2005-06

Published During 2006-07

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the California Department of Education (CDE) Web site at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office. DataQuest, an online data tool at <http://data1.cde.ca.gov/dataquest/>, contains additional information about this school and comparisons of the school to the district, the county, and the state.

School Description and Mission Statement

Rolling Hills Elementary School is located in the northeastern section of Fullerton, one of 20 school sites in the Fullerton School District.

Rolling Hills Elementary School integrates the arts through a comprehensive and academically challenging curriculum that fosters creativity, critical thinking, and social skills in our diverse community.

Opportunities for Parental Involvement

We encourage parent participation in classrooms as well as volunteers in all school related activities. Please contact the school office for more information.

School Climate

School Safety Plan

A comprehensive school safety plan was developed and approved prior to March 1, 2000 in compliance with Education Code Sections 33126, 35256 and 32286 as well as applicable District policies and regulations. Each year, prior to March first, the school's safety plan is reviewed, updated and discussed with staff. Annually, during the month of July, the school reports on the status of its safety plan including a description of the plan's key elements. The most recent safety plan review, update and discussion with school staff took place in the spring of 2006.

The key elements of the plan include: a) providing a safe teaching and learning environment for all students and staff members, b) ensuring that all students are safe and secure while at school and school sponsored activities and are encouraged to use safe practices when traveling to and from school and/or school related activities, c) making district programs and community resources available to students and parents, and d) creating a school where students, parents, staff and community members interact in an atmosphere of mutual respect that enhances the environment for learning. A copy of the plan is available at the school office and will provide a more detailed description of each element of the plan including specific actions, resources and timelines to be implemented by the school.

School Discipline Practices

The Board of Trustees believes that all students have the right to be educated in a positive learning environment free from disruptions. It is the policy of the Fullerton School District to encourage and support staff in the implementation of a positive school climate that teaches students the meaning of equality, human dignity, and mutual respect and tolerance. This support and encouragement encompasses the use of cooperative learning strategies that foster positive interactions among students of diverse backgrounds and also promotes the teaching of nonviolent conflict resolution techniques. Programs such as Service Learning, Peer Assistance Leadership (PAL), and Friday Night Live are examples of ways that are used in schools to promote positive attitudes and behaviors among students.

The District believes that positive recognition and rewards are the cornerstone of any effective behavior/discipline program. Schools are encouraged to involve students and parents in the process of establishing behavior expectations and rewards/consequences. Regular and frequent communications between parents and the school, as well as a hierarchy of consequences, are integral parts of the school’s discipline policy and procedure. Consistency in the implementation of both rewards/recognition and consequences are also key aspects of an effective and fair behavior program found in the classrooms of the school. Board Policy encourages staff to use preventative measures and positive conflict resolution techniques whenever possible.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2003-04	2004-05	2005-06	2003-04	2004-05	2005-06

Expulsions	0	0	0	.06%	.05%	.01%

School Facilities

School Facility Conditions and Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Rolling Hills Elementary School has 24 classrooms, a daycare center, a multipurpose room and a library media center. The main campus was built in 1962. Additions were constructed in 1963 and 1972. Four portable classrooms were added in 1963, one was added in 1995, and one was added in 2001. The daycare building was purchased from the YMCA in 2005 and the multipurpose room was completed in 2006.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The District has established cleaning standards for all schools in the district. A summary of these standards is available at the district maintenance office. The Maintenance and Operations staff works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems. For the 2005-06 school year the district budgeted \$535,354 for the deferred maintenance program.

School Facility Good Repair Status

Core Academic Classes Taught by No Child Left Behind Compliant Teachers

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all schools in the district, at high-poverty schools in the district, and at low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the CDE Web site at <http://www.cde.ca.gov/nclb/sr/tq/>.

High-Poverty Schools in District	100.0	0.0
Low-Poverty Schools in District	95.0	5.0

Substitute Teacher Availability

The school district maintains a list of qualified substitute teachers. Three hundred sixty substitutes were on the 2005-06 district substitute list. During the 2005-06 school year Rolling Hills was able to obtain substitute teachers on all days needed.

Teacher Evaluation Process

Administrators evaluate all district teachers based on the California Standards for the Teaching Profession (CSTP). All non-tenured teachers are evaluated twice per year and tenured teachers are evaluated every other year. The principal and teacher share the results of the evaluation, and a copy is filed in the employee's personnel file in the Personnel Department. Results of the evaluation are considered confidential.

Support Staff

Academic Counselors and Other Support Staff

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Norm-Referenced Test

The norm-referenced test (NRT), currently the California Achievement Test, Sixth Edition (CAT/6), shows how well students are doing compared to students nationally in reading, language, spelling, and mathematics in grades 3 and 7 only. The results are reported as the percent of tested students scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at <http://star.cde.ca.gov/>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

NRT Results for All Students – Three-Year Comparison

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/pf/>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

Grade Level	Percent of Students Meeting Fitness Standards

Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2003-04	2004-05	2005-06
Statewide	8	8	8
Similar Schools	4	1	3

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

State Award and Intervention Programs

This category did not pertain to any Fullerton School District schools during the 2005-06 school year.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	N/A

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at

<http://www.cde.ca.gov/ta/ac/ay/>.

Instructional Planning and Scheduling

School Instruction and Leadership

The instruction at Rolling Hills School is based on the state standards, with an emphasis on writing. In order to be familiar with student progress in writing, the principal collects writing samples from every student, at each grade level, on a monthly basis. She then gives written feedback to the teachers about the student writing samples. The main instructional strategy at Rolling Hills is direct instruction with lots of modeling, checking for understanding, and re-teaching. Grade level teams meet weekly to plan, evaluate student learning, and to share work samples and ideas for improving instruction. Grade level teams use resource guides, Blueprints, district curriculum guides, and district pacing guides to develop year long plans in all curricular areas. The staff uses district benchmark assessments, state textbook assessments, and teacher-made tests to monitor student progress and adjust instruction during the year.

Support is available for students with special needs through the services of the Resource Specialist, a part-time Speech and Language teacher, and a part-time Psychologist. Students are regrouped for ELL instruction and before school intervention is given to students as needed.

The principal has 20 years of administrative experience and has completed AB 75 in addition to the California Leadership Academy. The Leadership Team at Rolling Hills School consists of one teacher from each grade level, the Speech Teacher, the Resource Teacher and a Special Education teacher. They meet on an as needed basis. The leadership team collects and shares information from their grade level team. Most decisions are made with the entire staff giving input. Parents are involved in decision making through the School Site Council.

Instructional Minutes

This table displays a comparison of the number of instructional minutes offered at the school to the state requirement for each grade level.

Grade Level	Instructional Minutes	
	Offered	State Requirement
K	37,760	36,000
1	53,395	50,400
2	53,395	50,400
3	53,395	50,400
4	55,405	54,000
5	55,405	54,000
6	55,405	54,000

Early-Release/Minimum Days

All schools in the Fullerton School District have early-release Wednesdays. This non-student time is used for staff development and trainings. All Fullerton School District schools also have minimum days throughout the school year. The majority of these typically occur during parent-teacher conference weeks, giving teachers more time for scheduling conferences with parents.

Early-release and minimum days do not reduce the number of Instructional Minutes, as shown in the chart above.
